- 1 Description
- 2 Availability
- 3 Contents

Visit www.sco.com for more information about other products and support services from SCO.

1 Product Description

Maintenance Pack 4 is the latest recommended maintenance update for SCO UnixWare 7.1.4. It contains a large number of updates, new features, and updated versions of many open source components as well as the integration of most recent web postings. This Maintenance Pack is applicable to all UnixWare 7.1.4 customers and should be applied by all customers at their next opportunity.

2 Availability

Current UnixWare 7.1.4 customers can download the UnixWare 7.1.4 Maintenance Pack 4 immediately at no charge.

The files along with a detailed description of their content can be found on the SCO Download site at:

<http://www.sco.com/support/update/download/release.php?rid=337>

It may also be obtained from SCO's FTP site at:

<ftp://ftp.sco.com/pub/unixware7/714/mp/uw714mp4/>

UnixWare 7.1.4 Media Kits will be updated with a Maintenance CD containing Maintenance Pack 4 by mid July.

3 Contents

Maintenance Pack 4 is cumulative with Maintenance Packs 1 through 3 and the MP3 Samba and USB supplements and supersedes them. It is fully compatible with the prior packs and supplements, and may be installed without their removal. A selection of the components in Maintenance Pack 4 is as follows:

- Basic Maintenance including critical security fixes recommended for all UW714 customers
- Sendmail Version 8.13.8
- PostgreSQL Version 8.2.6
- An updated version of the Samba Supplement
- A new Apache Tomcat mod_jk module
- Updates for Java 2 Standard Edition 1.3.1, 1.4.2 and 5.0
- Bind Version 9.4.2
- Updated Time Zone Rules
- The MPlayer Supplement
- Many Additional Updated Open Source Packages including:
 - OpenSSL 0.9.7ia

- OpenSSH 4.6p1
- CUPS Version 1.3.3
- Mozilla 1.7.13a
- Javasoap 1.2
- Updated HBA drivers including:
 - The Adaptec AACRAID Family
 - Adaptec SAS HostRaid
 - LSI Logic MegaRAID
 - LSI Logic MegaRAID SAS
 - LSI Logic MPT IHV

For a complete detailed list of the contents of Maintenance Pack 4 see the Release Notes which also contain detailed installation instructions.

All UnixWare 7.1.4 customers are strongly advised to install this Maintenance Pack at their next maintenance interval.
